Enter your text

Question order

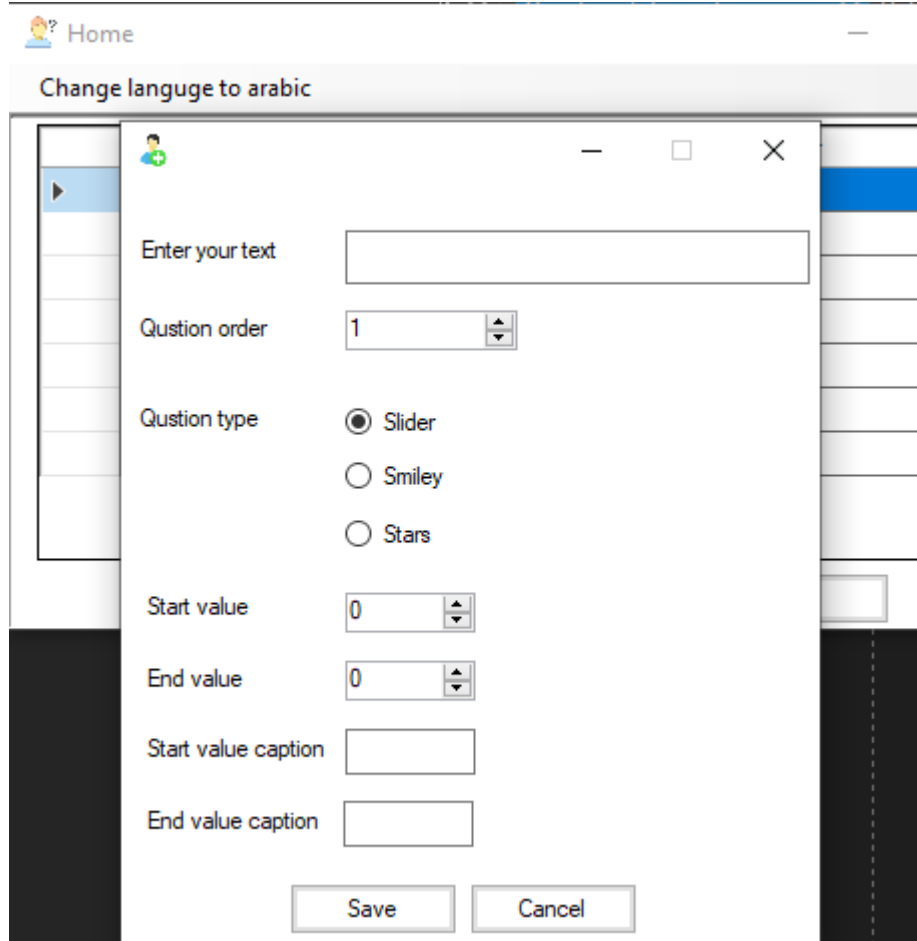

Question type

☐ Slider

☐ Smiley

☐ Stars

If I choose the question type Slider then the attributes will appear :

The screenshot shows a window titled "Change language to arabic" with a standard Windows interface (minimize, maximize, close buttons). Inside the window, there is a sidebar on the left with a list of question types, where the "Slider" type is selected. The main area of the window contains the following configuration options for the "Slider" question type:

- Enter your text:** A text input field.
- Question order:** A numeric input field with a spinner, currently set to "1".
- Question type:** Three radio buttons: "Slider" (selected), "Smiley", and "Stars".
- Start value:** A numeric input field with a spinner, currently set to "0".
- End value:** A numeric input field with a spinner, currently set to "0".
- Start value caption:** A text input field.
- End value caption:** A text input field.
- Buttons:** "Save" and "Cancel" buttons at the bottom.

The text should be contain at least one character , order should be contain only numbers , start value should be contain only numbers and less than or equal 100 and less than end value , end value should be contain only numbers and less than 100 and greater than start value , start value caption should be at least one character and his length less than or equal 3 and end value caption should be at least one character and his length less than or equal 3 .

If I choose the type Smiley then attributes for Smiley will appear :

The image shows a 'Change' dialog box with the following fields and options:

- Enter your text:** An empty text input field.
- Question order:** A spinner box currently showing the value '1'.
- Question type:** Three radio button options: 'Slider', 'Smiley' (which is selected), and 'Stars'.
- Number of smile:** A spinner box currently showing the value '2'.
- Buttons:** 'Save' and 'Cancel' buttons at the bottom.

The text should be contain at least one character , order should be contain only numbers and the number of smile faces should only contain a numbers and greater than or equal 2 and less than or equal 5.
