3.1 View List of Question.

This screen to display the text of question, type of question and the order of question.

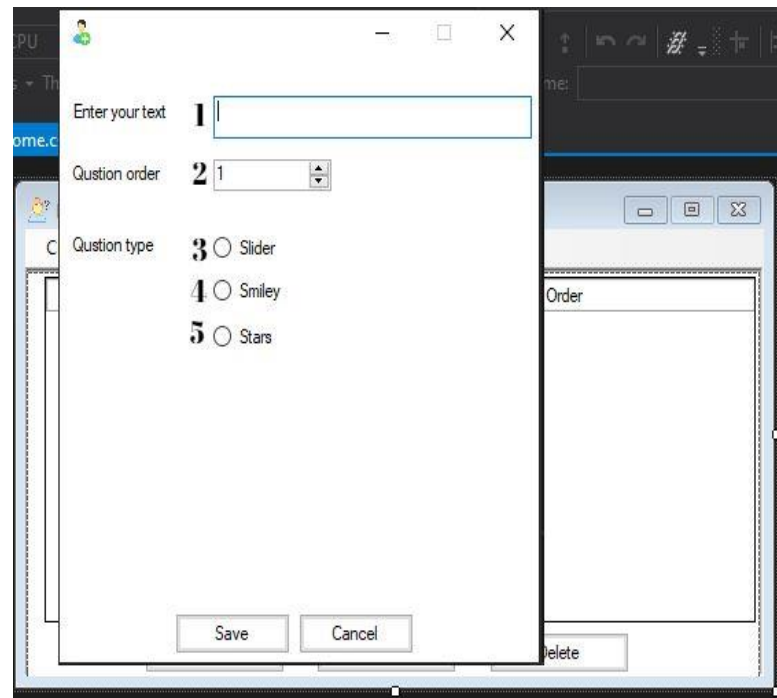

3.2 Add Question.

When you click the add button this page will appear

1. The text of question, at least one character.
2. The number of question order between all question.
3. The question type slider.
4. The question type smile.
5. The question type star.

Note: You can choose one of type of question.

There are three types of question answer:

The Slider:

The slider is an interactive question that allows respondents to select values from continuous range by dragging slider along range, have start value.

Example of slider answer:

This example for adding slider question:

1. Start value the lowest value of the slider range (by default the slider will have a minimum of 1)
2. End value: the highest value of the slider range (by default the slider will have a maximum of 100)
3. Start caption: it is a word symbolize for start value, the length of start value caption 15.
4. End value: it is word symbolize end value, the length of end value caption 15.

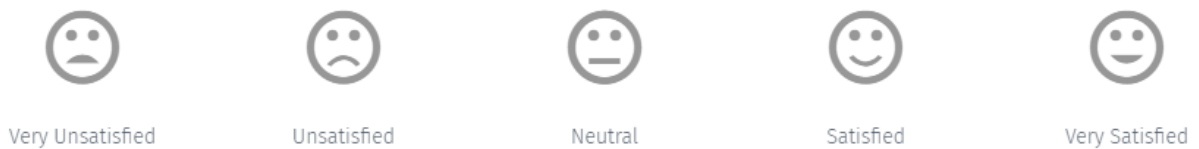

The screenshot shows a software window titled "Home" with a subtitle "Change language to arabic". Inside the window, there is a form for adding a question. The form includes a text input field labeled "Enter your text", a dropdown menu for "Question order" set to "1", and radio buttons for "Question type" with "Slider" selected. Below these are input fields for "Start value" (set to "1"), "End value" (set to "2"), "Start value caption" (set to "3"), and "End value caption" (set to "4"). At the bottom of the form are "Save" and "Cancel" buttons.

The Smiley:

Smiley faces communicate emotions and is often used in customer and employee feedback surveys. They are easy to use and quick to answer, and so are a massive hit among both survey creators and respondents.

Example of smiley answer:

How satisfied are you with our services?

This form for example smiley question:

1. Number of smile faces, should only contain numbers, minimum number of smile faces is 2 and maximum number is 5.

A screenshot of a survey configuration dialog box. The dialog has a title bar with a question mark icon and the text 'Change'. It contains the following fields and options:

- 'Enter your text' with an empty text input field.
- 'Question order' with a dropdown menu showing '1'.
- 'Question type' with three radio button options: 'Slider', 'Smiley' (which is selected), and 'Stars'.
- 'Number of smile' with a dropdown menu showing '2'.
- 'Save' and 'Cancel' buttons at the bottom.

The Star:

The star answer lets respondents evaluate a question on visual scale of stars. A weight is assigned to each icon in the scale, so a weighted average is calculated in the analyze result section.

Example of smiley answer:

1. How would you rate this mobile app?

Poor Excellent

★ ★ ★ ★ ★ ★ ★ ★ ☆ ☆

This example for adding smiley question:

1. Number of stars, should be only contain numbers, minimum number of stars is 1 and maximum number is 10.

Change language to arabic

Text	Type	Order

Enter your text:

Question order:

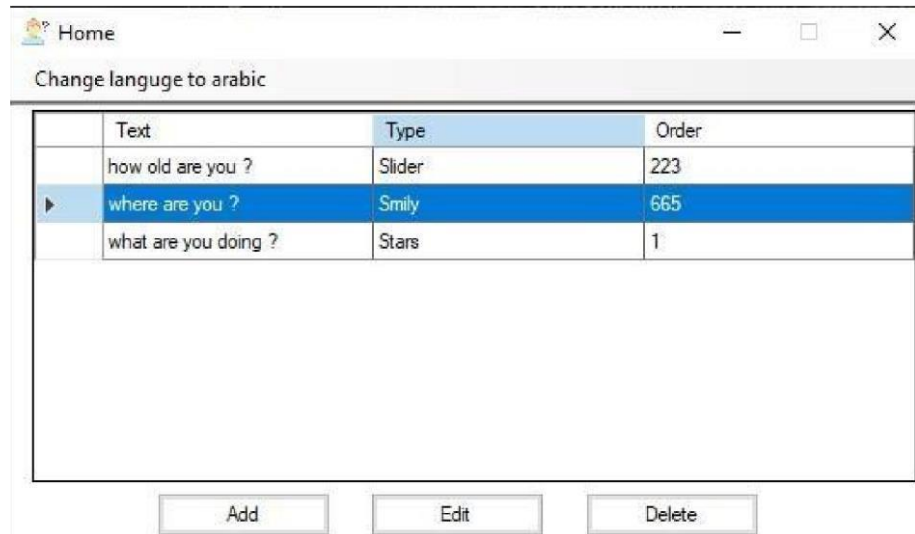

Question type: ☐ Slider ☐ Smiley ☒ Stars

Number of stars:

Save Cancel

3.3 Edit Question

To edit the question, you can edit the question text, the order number, and the variables for the question for any type of question for the same conditions.

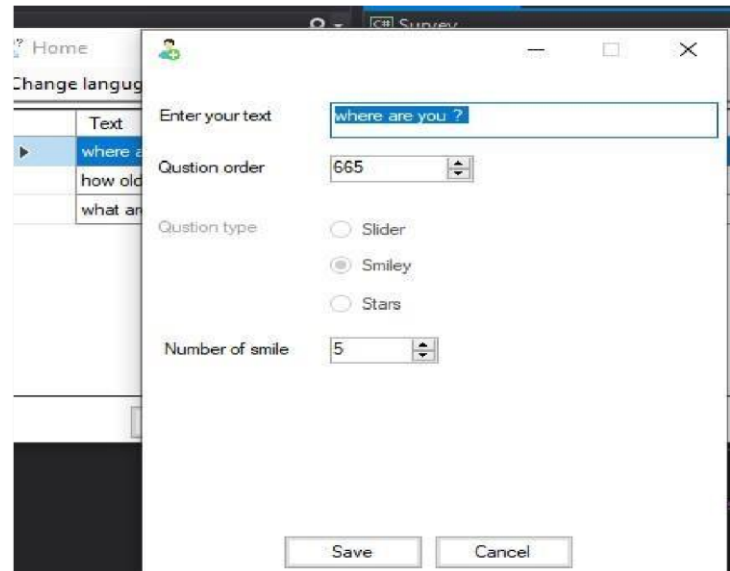

The screenshot shows a window titled 'Home' with a 'Change language to arabic' button. Below it is a table with three columns: 'Text', 'Type', and 'Order'. The table contains three rows of questions. The second row, 'where are you ?', is highlighted in blue. Below the table are three buttons: 'Add', 'Edit', and 'Delete'.

Text	Type	Order
how old are you ?	Slider	223
where are you ?	Smily	665
what are you doing ?	Stars	1

Note: You can't edit the question type.

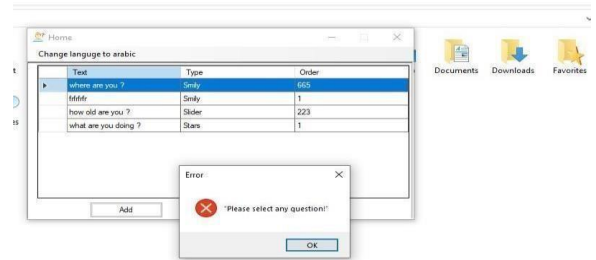

There is two ways for edit question:

- 1- Choose the question then press the edit button.
- 2- Double click on a question, the edit screen will appear.

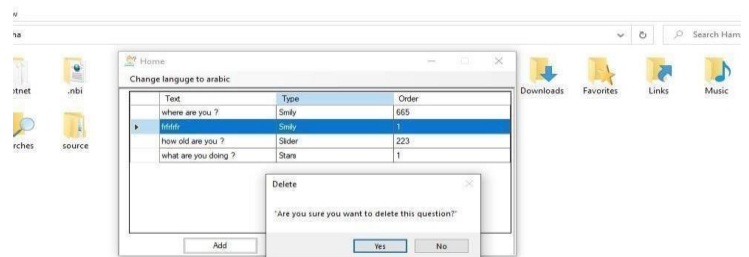

The screenshot shows the 'Edit' dialog box for the question 'where are you ?'. The dialog has fields for 'Enter your text' (containing 'where are you ?'), 'Question order' (665), 'Question type' (with radio buttons for Slider, Smiley, and Stars; Smiley is selected), and 'Number of smile' (5). At the bottom are 'Save' and 'Cancel' buttons.

□ **Note:** if you press the edit button and the question is not specified, an error message will appear.

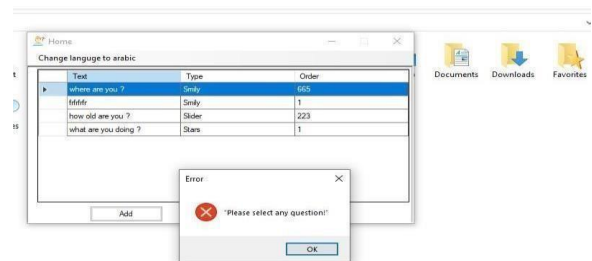

3.3 Delete Question

You can delete the question by selecting the question and pressing the delete button.

Note: if you press the delete button and the question is not specified, an error message will appear.

3.5 Change language

You can change the application language from English to Arabic by pressing the Change Language button.
